

- We reserve the right to hold whatever sales we deem necessary and we decide what items go on sale. Pricing is at our discretion; however always feel free to point out any exceptional items that you would like to discuss the pricing of.

- There is a \$5.00 annual fee to have a consignment account; this is due at the time of sign up, and every year that your account is active. If there is money on your account it will be deducted automatically.

- **Consignments are accepted via:**

Drop and Run - You choose to leave your items and agree that whatever we do not put on the floor is donated immediately. (This includes any and all items over weekly allotments and anything that doesn't meet our, "What and When We Accept Guidelines". Please be sure and read this document before choosing this method of drop off.

Sort - You chose to remain in the store while we go through your items and we will return "no thank you's" to you. When choosing this method understand that it may take a little while and we will always stop to help someone purchasing items. If an item is later found to be flawed we reserve the right to donate at that time.

- Items are consigned for a 45 day contract term. If you would like your unsold items back, **you will need to come into the store on or before the end of your contract and find your items on the floor. (We are able to provide you a Skelton outline of your unsold items, but if you plan to retrieve them it is best to keep your own list.** If you do not pick up your items they become the property of the store and if sold after the contract term 100% of the proceeds stay with the store.

Holiday items, clothing (Halloween, Christmas, V-day) will be held for 2 day after holiday. Items will then be donated and/or become store property.

- You receive 40% of the final sale price on all of your items. This money is available as in store credit two days after the sale or you may request a check which is made available for pick-up in the store 30 days from the date requested. Checks that are requested and not picked up within 60 days are voided and monies are returned to your account. Amounts under \$10.00 maybe be picked up anytime during store hours.

****** We are not responsible for loss of your items due to water damage, fire or other natural disasters. Also we are not responsible for lost items due to theft. ******
